LEONARD'S ONION SETS

Leonard's Onion Sets are the Chicago Standard. We are Pioneers in set growing here. Our Onion Set has that fine bright color which is so much desired, and being grown from the same kind of seed that produces our best large onion, it forms a very superior grade of bulbs which bring the top price when marketed. We claim a superiority for our product on account of the knowledge in growing and storing which comes from long continued experience and large operations.
